

20" container	40" container	TCV	Articulated Lorry	Wide bodied	Accepts	System Tare	Volumetric	Int. Payload
Fits 3	Fits 7	Fits 7	Fits 8	Fits 16	2 Euro Pallets	751kg	796kg	2460L

Features & Benefits

- 120 hour product protection for +20°C (68°F) (controlled room temperature) using Phase-change technology
- Fully reusable solution
- Providing significant environmental advantages over disposable and semi-reusable systems
- Integral datalogger providing full audit trail and real-time internal and external temperature records
- Compatible with wide-bodied aircraft
- Accepts two Euro-pallet payloads, alternatively bulk-loaded
- No human intervention throughout transit required
